

# National Highway Authority

**PRESS RELEASE:** October 20, 2018

**“NHA undertaking pragmatic steps to make Clean and Green Pakistan drive successful”**

**National Highway Authority is removing encroachment from its Right of way.**

As per directive of Prime Minister of Pakistan Imran Khan, National Highway Authority, Ministry of Communications has taken pragmatic steps to make “Clean and Green Pakistan” drive result oriented. State Minister for Communications Murad Saeed is taking keen interest for making highways and motorways clean and green throughout the country. National Highway Authority is making practical advancement to cut the vegetations from the central median and all along the highways network. To this effect, State Minister for Communications Murad Saeed visited various sections of Karachi-Lahore-Peshawar national highway (N-5). It is to recall that NHA has recouped 2665 Marla Land along its Right of Way from the encroachers worth Rs. 1158 million. Likewise, under afforestation campaign NHA has planted more than 38850 saplings with its network. The objective of all such activities is to make Clean and Green Pakistan

drive successful. Chairman NHA Mr. Jawwad Rafique Malik is personally supervising this activity to make it more effective and result oriented.
